Date: March 3,
2026

Version: 1.0 Final

Website Refinement & UX Optimization Project

This report summarizes the comprehensive updates and fixes implemented on the Bechem United FC (BUFC) website. The work focused on improving user experience, resolving navigation issues, enhancing visual identity, and ensuring full mobile compatibility.

Key Improvements & Fixes

1. Homepage Hero & Brand Identity

- **Refined Hero Content:** Redesigned the primary messaging to "WELCOME TO THE HUNTERS" for immediate brand impact.
- **Engagement CTAs:** Seamlessly integrated "Next Hunt" and "Match Replay" cards into the hero section.
- **Visual Hierarchy:** Optimized font weights and spacing for a premium look.

2. Mobile & Tablet Optimization

- **Z-Index Management:** Optimized layering for the mobile side menu and overlay (z-60/z-70).
- **Interactive Sidebar:** Fixed layering bugs in the Community Dashboard to ensure all buttons are clickable.
- **Backdrop Effects:** Added modern glassmorphism blurs to improve navigation contrast.

3. Navigation & Flow

- **Breadcrumb Bars:** Added high-contrast breadcrumb navigation to all inner pages.

- **"Explore Gallery" Fix:** Repositioned the gallery button to prevent clipping and ensure 100% visibility.
- **Coming Soon Integration:** Successfully gated Tickets and Live streams with email capture.
